PRESS:

London- Hobs of Angry citizens gathered around the newly established
German embassy here to protest Hitler's militant Policies. Scattered out
breaks of violence occurred and some embassy windows were broken by
flying Bricks. It is not known at this time what effect this will have on
the German attempt to obtain some understanding with our government.
ZURICH(STENCH) It seems as though the Government of Britian is very
pro Nazi. They have released all political prisoners and are building
a new German embassy at government expense. The Nazi party is one of the
top three in the country, replacing the Whig party. When will this all
end. No doubt in a German Algo alliance and conquering of thw world.

NEWS

PARIS: As an entirely defensive maneuver, President Blum has agreed with top Generals to move a cross-section of Parisian Politicians to quiet the beliefs of persons that Germany is bent on war. This excursion into Alsace-Lorraine is believed to be able to settle recent turmoil in that area.

BURUNDI (STENCH) As the top French officials were riding in their cars through the area returned to France in 1919, shots were heard though out the area. The parade of cars was delayed while the military was sent to see what all the shooting was about. While they were gone a party of men attacked the defenseless politicians and killed them all.

The President was appalled at what happen and called on the French people to back him in a crusade to put down the rebellion. Blum went on the say that it was a German backed attack and said all nasty things about Germany.

It should be noted that the politicians that were killed in the attack were all in opposition to Blum on all issues. Thus there is no longer any opposition to Blum in the Government.

NOTES: THE DEADLINE IS NOW 20-10-72 at 10 AM EST. I would like to know how all the players would feel if the deadlines were cut down to 2 weeks- 14 days instead of the 3 week deadline. All players in all games would have to agree on this.

NOTES on articles: I'd like to have some of the readers to submit articles dealing with the placing of IF's and related to having to control or Understand. That is is it better to place a large # in one place, or better to spread them out all over, and how this effects the placing of Controls and Understandings.
